Abstract

This document provides for the official application of the Polish Sensible Soccer community for the right to organize Sensi Days 2015 tournament. Those responsible for preparing the application and implementing possible Sensi Days 2015 project shall be: dior, dzem, foka, paczek, x flea. This document contains basic information in matters such as: the tournament venue, available dates, participation costs, guaranteed conditions, hardware base, logistics, possible marketing activities.

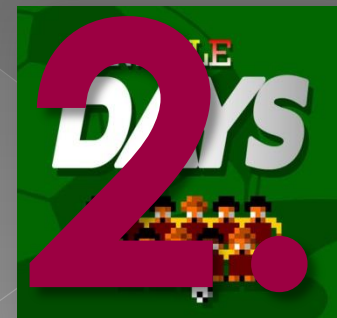

The Lubin City

Many believe Lubin is a capitol city of Sensible Soccer in Poland. So far it has been a home of six Polish nationwide tournaments, as well as a local league, involving a dozen or so players from Lubin and surrounding area, which is currently held there for a fifth time. Those players include competitors well known in the world of Sensible Soccer, who participated in numerous tournaments both in Poland and abroad. Of course these are: Romaneq, Zienior, Paczek, Filippousis, Leman, and Goralpawel. The experience they gained when taking part in tournaments outside Lubin allows them to improve, year by year, the events organized in this city located 75 km from Wroclaw.

All previous activities were carried out under the sign of „Jeden Lubin” (One Lubin Association). It is one of the most active NGOs in the area, therefore the rulers of Lubin every time looked favourably at Sensible Soccer projects organized in this town and willingly supported such initiatives.

Tournament location

- ✓ The tournament will take a place in the Baron Hotel – link: <http://www.baron.lubin.pl/>
- ✓ Possible dates are: all weekends of August 2015.
- ✓ The Tournament fee is 100 euro per person.
- ✓ The price for supporters and players who won't be joining us full time will be given later .
- ✓ We will provide all necessary transportation to wroclaw airport

Possible media support & marketing

- Lubin News - free news paper, issued on each Thursday basis (Printing: 15000). Distributed via post among individuals, institutions, shops and local companies
- Puls Regionu – free magazine, issued twice a month (Printing: 30000). Distributed on the street of Lubin and also delivered to public facilities, shops and companies within mining association.
- Lubin.pl – official public website of Lubin
- RegionFAN – information website for a number of cities within a range of 150km from Lubin
- Regional Television – broadcasted 24hrs in Lower Silesia regions, distributed by UPC company.
- TVL ODR Television – broadcasted within a mining district (approx. 150km from Lubin)

We have secured a frequent information to be shown before and after the tournament. It means we are going to have ads and relations in papers, internet and television. We are still in progress of negotiations with other medias, which would secure us to be advertised also in Radio.

We will also try to get support of retro computing and gaming Internet media and computer games paper press.

- Dzem – via sensiblesoccer.de,
- Foka – via sensiblesoccer.de,
- Pączek – via sensiblesoccer.de,
- Xflea – via sensiblesoccer.de.

What we really want

Our goal is to go back to our roots. We have the ambition to organize a tournament on a grand scale as those legendary first Sensi Days tournaments in which dozens of players from all over the World have taken part. Poland remains one of the top countries in respect of the number of SWOS players and the activity of the SWOS community. We possess the necessary experience to organize and hold the event of such magnitude. We all are strongly motivated and ready to start preparations as soon as we receive the green light. Stay sensible!
